

2024-2025 YOUTH EDUCATION GARDEN GRANTS AVAILABLE

*****DEADLINE: FEBRUARY 15, 2024*****

The Snohomish Garden Club will be awarding grants to schools and/or other secular service organizations in the Snohomish area for horticultural projects planned in the academic year 2024-25. We encourage and are eager to receive applications for horticultural projects that will increase student awareness and/or educate them about seeds or plants, soil improvement, conservation, or the environment.

Examples of horticultural projects may include planning and planting a drought tolerant or butterfly garden in a school courtyard, starting and/or growing plants with or without using grow lights in a classroom, composting by using worm bins to recycle paper and food scraps, replanting a stream bank with native plants, learning about beneficial insects, or inventing your own creative horticultural project. These are only a few suggestions. Be resourceful and use your imagination!

To be eligible, projects must be planned for the academic year 2024-25. Horticultural projects may take place in the classroom, on the school grounds, or at another location, and need to involve children in grades K-12. The grant is intended for materials and supplies for a horticultural project.

Note: As follow-up, grant recipients are requested to send pictures or narrative of completed projects to Snohomish garden club by mail or email.

Please complete the attached application by typing or printing legibly. You may also download an application electronically, by going to our website snohomishgardenclub.com. Click on grant application.

Applicants may choose to enclose photographs, drawings, brochures, or printed materials that might help the Grant Committee understand the project.

Submit completed applications, postmarked or E-mailed by February 15, 2024 to:

Snohomish Garden Club
Attn: Youth Education Garden Grant Committee
P.O. Box 1204
Snohomish, WA 98291

Or email them to Linda Lake, lindalake77.11@gmail.com

Applicants will be notified by February 25, 2024 and are invited to attend the Garden Club meeting in March for the awarding of the grants. Meeting is at 7 p.m. on the second Monday of the month, at the Snohomish Senior Center, unless otherwise notified. If you have questions, please contact SGC Grant Committee chairperson, Linda Lake at (206) 437-1953 or lindlake77.11@gmail.com.
